

STABILO

Tricycle for adults

With our STABILO tricycle, you remain self-reliant with freedom and mobility to exercise and handle everyday tasks whenever you feel like it.

STABILO is similar to a regular bicycle with the safety of the third wheel. It is easy to get on and off with its specially shaped frame and, on the country road, the driving pleasure and comfort are great because of the comfortable suspension and soft saddle.

Our STABILO is a popular choice among the slightly walking-impaired and you can get it as a disabled tricycle for both children and adults.

STABILO is also available with electric motor and all models can be tailored to your specific needs.

All of our tricycles are known for their comfort, durability and formidable roadability, and STABILO is no exception:

- » Easy to get on and off and safe to ride
- » Fantastic suspension and soft saddle
- » Extremely strong construction and a working life of more than 10 years
- » 7 gears with/without reverse function
- » Also available in small for people of a maximum height of 160/165 cm
- » We tailor the tricycle to your specific needs and deliver it within 15 business days
